

BookLingua — Pre-Launch Testing Plan

Run through these in order. Use the TESTDRIVE voucher code (95% off) for real payment tests so you're only charged ~\$1.

1. Pages & Navigation

- ☐ booklingua.io loads correctly — hero, pricing, FAQ all visible
 - ☐ booklingua.io/examples loads — check all 3 tabs (Translation, Translation Notes, Launch Pack)
 - ☐ booklingua.io/publishers loads — check both “Get in Touch” email links work
 - ☐ Banner/announcement bar at top visible
 - ☐ Mobile view looks good on your phone (check homepage + checkout flow)
-

2. File Upload

- ☐ Upload a **DOCX** file — confirm it's accepted
 - ☐ Upload an **EPUB** file — confirm it's accepted
 - ☐ Upload a **TXT** file — confirm it's accepted
 - ☐ Upload a **PDF** file — confirm it's accepted
 - ☐ Try uploading a file > 50MB — should show an error
 - ☐ Try uploading an unsupported format (e.g. .jpg) — should show an error
-

3. Book Details Form

☐

Genre dropdown works — all options selectable

☐

Select **Romance** → heat level buttons appear (Sweet / Steamy / Explicit)

☐

Select a non-romance genre → heat level does NOT appear

☐

Genre tip chips appear when a genre is selected (click one, it populates the instructions field)

☐

Special instructions field accepts text

4. Language Selection & Pricing

☐

Select 1 language — price shows correctly (no discount)

☐

Select 2 languages — 12% bundle discount applied

☐

Select 3 languages — 25% discount applied

☐

Select all 6 languages — 40% discount applied

☐

Deselecting a language updates the price immediately

5. Upsells

☐

Launch Strategy Pack appears and can be toggled on/off

☐

Price updates when Launch Pack is added (\$29 for 1 language, \$49 for 2+)

☐

MRR Romance Shoutout only appears when Romance/Erotica is selected as genre

☐

MRR Shoutout price shows \$69

6. Voucher Codes

Test each code: - [] LAUNCH20 — applies 20% discount ✓ - [] FIRST50 — applies \$50 fixed discount ✓ - [] FRIEND10 — applies 10% discount ✓ - [] AUTHOR25 — applies 25% discount ✓ - [] TESTDRIVE — applies 95% discount ✓ - [] Invalid code (e.g. BADCODE) — shows error message ✓ - [] Voucher + bundle discount stack correctly ✓

7. Checkout & Payment

Use the TESTDRIVE code to reduce cost to ~\$5.

- ☐ Click “Get Started” / proceed to checkout
 - ☐ Stripe checkout page loads correctly
 - ☐ Order summary shows correct items, languages, and price
 - ☐ Complete payment with a real card
 - ☐ Redirected to /success page after payment
 - ☐ Success page shows order ID and next steps
-

8. Order Confirmation Email

- ☐ Confirmation email arrives within 1–2 minutes of payment
 - ☐ Sent from orders@booklingua.io
 - ☐ Contains order details
 - ☐ Not in spam folder
-

9. Translation Job

- ☐ Inngest job triggers after webhook fires (check app.inngest.com)
- ☐ Job completes without errors
- ☐

Translated file delivered via email (allow up to 3 hours for a full book; use a short TXT for testing)

Tip: For a fast test, upload a short TXT file (500–1000 words). Translation should complete in under 10 minutes.

10. Download

- ☐ Download link in email works
 - ☐ File downloads in the correct format
 - ☐ Translated content is in the correct language
 - ☐ Translation Notes document is included
-

11. Edge Cases

- ☐ Try placing an order without uploading a file — should be blocked
 - ☐ Try proceeding without selecting a language — should be blocked
 - ☐ Try opening a download link twice — confirm it still works (or shows an appropriate message if expired)
-

Quick Test Checklist (Smoke Test)

For a fast daily check, run just these:

- ☐ Homepage loads ✓
- ☐ Upload a file ✓
- ☐ Select 1 language + TESTDRIVE code ✓
- ☐ Complete payment ✓
- ☐ Confirmation email received ✓
- ☐

Translation delivered ✓

Reporting Issues

Log any bugs in the GitHub repo: <https://github.com/teddyagsmith/BookLingua/issues>

Include: - Steps to reproduce - Expected vs actual behaviour - Screenshot if relevant
